University Mission, Aims, Objectives

College of Nursing Mission, Vision, Values

Professional Standards

Expected Undergraduate Program Outcomes
1. Integrate the values of the Gospel of Jesus Christ as part of caring.
2. Demonstrate effective critical thinking and communication.
3. Design, provide, and evaluate nursing care for individuals, families, and communities.
4. Practice and lead with an understanding of the discipline of nursing at the local, national, and global levels.
5. Exemplify lifelong learning.

Expected Graduate Program Outcomes
1. Critically evaluate, synthesize, and integrate theory and research from nursing and related fields into practice.
2. Demonstrate leadership and competence in advanced practice roles.
3. Participate as an informed advanced practice nurse regarding health care policy and resource accountability in the context of social, political, ethical, and legal considerations of health care.
4. Provide competent evidence-based advanced-practice nursing care to diverse individuals, families, and groups; manage health and illness across the continuum of care and across the lifespan.
5. Provide care in a compassionate manner that respects, protects, and enhances spiritual integrity, human dignity, cultural diversity, and demonstrates the Healer’s art.
