ADMISSION CRITERIA

The student must meet the following:

1. Acceptance by the Graduate School of the University.
2. A baccalaureate degree in nursing from an NLN or CCNE Accrediting Board.
3. Current R.N. licensure in Utah (or application in process).
4. Basic statistics course.
5. Must have taken a pathophysiology course in undergraduate program.
6. A grade point average of “B” (3.0) or better for the last 60 semester hours of credit in college course work.
7. Three letters of recommendation from former teachers or employers.
8. Statement of applicant’s purposes and goals for graduate education.
9. A personal interview.
10. Completion of the Graduate Record Examination (GRE).
11. Preference given to those applicants with more experience.
