5. Scholarship/Creative Works

Research Focus

My research focus involves clinical and family implications of the practice of precision healthcare and preparing clinicians to provide precision healthcare.

Precision medicine is healthcare designed to optimize efficiency or therapeutic benefit to groups of patients by using genetic or molecular profiling. Clinical and family implications include the communication and utilization of personalized health information, based on genetic predisposition, among patients and their family members, friends and primary care providers.

National Podium Presentations

Himes, D. O., (April, 2019) *Nursing and Precision Medicine: Using the Health Data Stream at the Bedside and Beyond*. An invited plenary panel presentation for the National Student Nurses' Association.

Himes, D. O., (April, 2019) *Precision Medicine, Genetic & Genomics: What Student Nurses Need to Know*. An invited hour-long break-out session for the National Student Nurses' Association as the designated representative from the International Society of Nurses in Genetics.

Himes, D. O., (July, 2018) *Families and Cancer*. An invited presentation at The Ohio State University Cancer Control Center. The audience included researchers and clinicians from the OSUCCC as well as summer cancer research fellows.

Local Podium Presentations

Himes, D. O., (February, 2022) *Genomics for Pediatric Nurses*. An invited presentation for the Brigham Young University College of Nursing Pediatric Nursing Course.

Himes, D. O., (February, 2022) *Global Women and Cancer*. An invited presentation for the Brigham Young University Global Women's Studies Course.

Himes, D. O., (October, 2021) *Global Women and Cancer*. An invited presentation for the Brigham Young University Global Women's Studies Course.

Himes, D. O., (October, 2019) *Families and Cancer: A Public Health Concern*. An invited presentation for the Brigham Young University Department of Public Health for graduate public health students enrolled in the "Families and Public Health" course.

Himes, D. O., (May, 2017). *Caring for Families with Cancer Risk*. An invited presentation for the Simmons Center for Cancer Research at Brigham Young University. Audience included the 2017 Cancer research fellows and their mentors.

Himes, D. O., (2014 – Present). *Basic and Applied Genetics and Genomics, with an Emphasis on Cancer Genetics*, A recurring invited presentation to the NURS 619 Advanced Pathophysiology graduate course.

Himes, D. O., Christensen, M., Espinel, **E, Weagel (2016). *Breast Cancer Awareness*, Invited presentation and panel member. Presentation sponsored by the BYU Simmons Center for Cancer Research, Brigham Young University, Provo, UT.

Himes, D. O., (2012-2013). *Genetics & Genomics in Nursing*. A repeating, invited presentation to the Capstone Nursing Course at Brigham Young University.

Himes, D. O., (2010) *Incorporating Evidenced Based Practice into College Courses*. An invited presentation to new College of Nursing faculty members at Brigham Young University.

Himes, D. O., (2009) *Bedside determination of feeding tube placement*, a presentation to the Policy Council of Intermountain Healthcare, Salt Lake City, UT.

Himes, D. O., (2008, April). *Depression and hormones*, a podium presentation to the University Women's centered offered through the Office of Student Life, Provo, UT.

Himes, D. O., (2008) *No, it's not hot in here, it's just you: A presentation on menopause*, a presentation to the Faculty Women's Association Annual Retreat, Provo, UT.

Invited Webinars

International Webinar

Himes, D.O., Dungan, J. R., Lucas, R. F., Dewell, S., Ward, L. D., Davis, S. H., (October 9, 2024). *Global collaborative competency development for genomics nurse educators: International Delphi results*. [Webinar]. Global Genomics Nursing Alliance (G2NA). <https://www.g2na.org/index.php/g2na-webinars>

Himes D. O. & Gammon, A. (May 17, 2017) Women at increased risk for breast cancer based on family history: Calculating lifetime risk and ordering screening MRI based on current U.S. Guidelines. A webinar sponsored by the International Society of Nurses in Genetics.

National Webinar

Walker, T. K., Ersig, A. L., Dewell, S. L., **Himes D. O.** & Kronk, R. A. (June, 2023) Nursing Genomics Frequently Asked Questions: Expert Commentaries. A webinar sponsored by the NIH National Human Genome Research Institute's Inter-Society Coordinating Committee for Practitioner Education in Genomics (NHGRI's ISCC-PEG) as part of the 2023 Healthcare Professionals' Genomics Education Week.

Peer-Reviewed, Blinded Poster Presentations (**Notes Graduate Student)

International/National Poster Presentations

Ravert, P. & **Himes, D. O.** *Effects of unfolding simulated case studies on nursing students in the fundamental learning laboratory*. International Meeting on Simulation in Healthcare (IMSH) Sponsored by the Society for Simulation in Healthcare (SSH) 2011, January 2011, New Orleans, LA

Himes, D. O., Ravert, P. & Tingey, C. (2009, June). *Engaging Students in the Fundamental Skill Lab: Scenario Based Simulations*, a poster presentation at the 8th Annual International Nursing Simulation/Learning Resource Centers Conference, St. Louis, MO.

Best of the \$4.00 drugs: Optimizing your choices of the least costly generics. February 12, 2022. Fitzterald Health Associates, online education module. (1.6 CME, 1.6 pharmacology)

Inter-Society Coordinating Committee for Practitioner Education in genomics (ISCC-PEG) Eleventh Annual Meeting. February 16, 2022. A virtual annual meeting (6.5 contact hours) including the following content:

- Disseminating pharmacogenomics education: Understanding the needs of AISCC-PEG partner organizations by Samantha Baily, University of Pittsburgh School of Pharmacy
- G3C case study: Providing healthcare for indigenous patients with cardiomyopathy by Rene Begay, John Hopkins School of Public Health
- Optimizing oncology care with germline pharmacogenomics: Case-based education for oncology practitioners by Katherine Robinson, St. Jude Children's Research Hospital
- Genomic Nurses Project Group working session
- Advancing the equitable implementation of genomics into clinical care by Vence Bonham, acting deputy director for NHGRI and associate investigator in NHGRI Social and Behavioral Research Branch

Geriatric Gems—Pathophysiology, Pharmacology & Assessment Pearls. April 16, 2021. A live virtual event hosted by the Nurse Educator Institute. (4.25 contact hours CE, 1 hour pharmacotherapeutic content – ANCC Approved)

Faculty and Student Success in Developing Clinical Judgment and the Next-Generation NCLEX® (NGN). April 14-15, 2021. A live virtual event hosted by the Nurse Educator Institute. (9.5 contact hours CE - ANCC Approved)

International Society of Nurses in Genetics World Congress – Promoting Diversity, Inclusion, and Health Equity in Genomic Nursing. November 5-7, 2021. Virtual Congress. (12.5 contact hours CE, 2 hours pharmacotherapeutic content – ANCC Approved)

Graduate Chair Training Session. November 1, 2021. Session presented by Neil Peterson. Brigham Young University College of Nursing. 1 contact hour. Training on how to chair theses, scholarly papers, and projects.

International Society of Nurses in Genetics World Congress – Genomic Nursing: Fulfilling Nightingale's Legacy of Care. November 12-15, 2020. (18.75 CE, 3 pharmacology credits)

International Society of Nurses in Genetics World Congress – Transforming Health through Genomic Nursing. November 7-10, 2019. San Antonio, Texas (13.25 CE, 7 pharmacology credits)

Western Institute of Nursing 52nd annual Communicating Nursing Research Conference. April 10-13, 2019. San Diego, California. (19.25 CNE, ANCC approved)

Simulation Facilitator Course – Intermountain Simulation Center, LDS Hospital. May 8, 9, & 10, 2019. (22.5 nursing contact hours, 22.5 AMA PRA Category 1 Credits))

International Society of Nurses in Genetics World Congress – Building Connections to Genomic Health. October 26-28, 2018. Orlando FL (15.25 CNE, ANCC approved)

Phi Kappa Phi Leadership Conference. August 2-4, 2018. Minneapolis MN.

Western Institute of Nursing 51st Annual Communicating Nursing Research Conference: Transforming Health through Advances in Nursing Research, Practice, and Education, April 11-14, 2018. Spokane, WA. (18.25 CE, ANCC approved contact hours)

Pharmacotherapy – online module sponsored by University of Nebraska Medical Center College of Nursing Continuing Education, co-sponsored by BoardVitals, December 2017. (25 pharmacology contact hours, ANCC approved)

13th International Family Nursing Conference: The Art and Science of Family Nursing: Transforming Health for Families, June 14-17, 2017. University of Navarra, Pamplona, Spain. (11 contact hours)

Innovations in Engagement Through Research, Practice, and Education; The 49th Annual Communicating Nursing Research Conference of the Western Institute of Nursing, conference, April 6-9, 2016 (21.75 contact hours, ANCC approved)

2016 ISONG World Congress: Integrating Genetics Across Nursing Practice, conference, August 4-6, 2016. Dublin, Ireland (13.75 contact hours, ANCC Approved)

SAFE Opioid Prescribing: Assessing ER/LA Opioid products, Similarities, pmiCME, webinar, February 5, 2016. (1.25 contact hours including 0.87 hours of pharmacology, AANP approved)

SAFE Opioid Prescribing: Goals of Therapy, Monitoring and Patient, pmiCME, webinar, February 5, 2016. (1 contact hours including 0.26 hours of pharmacology, AANP approved)

SAFE Opioid Prescribing: ER/LA Opioids – Perspectives on Patient, pmiCME, webinar, February 5, 2016. (1.25 contact hours including 0.34 hours of pharmacology, AANP approved)

Personalized Medicine for Metformin Therapy? Medscape online Continuing Education, October 31, 2015. (0.25 contact hours including 0.25 contact hours of pharmacology – AANP approved – code 42643).

Increasing Role of Primary Care in Cancer Treatment, Medscape online Continuing Education, October 30, 2015. (.25 contact hours ANCC approved- code 42652)

Optimizing Health by Addressing Complexity, 2014 State of the Science Congress on Nursing Research, Council for the Advancement of Nursing Science (CANS), September 18-20, 2014, Washington, DC. (15.25 contact hours by the American Academy of Nursing/ ANCC approved)

Writing Matters Seminar, Brigham Young University Faculty Center, June 23-27, 2014, Provo, UT.

Breast Cancer Genetics Then and Now: Impact on Risk Assessment and Clinical Care. By Deborah J. MacDonald PhD, RN, APNG, webinar provided through International Society of Nurses in Genetics (ISONG), May 28, 2014. (1.5 contact hour)

Connections: Advancing Care through Science Conference, Oncology Nursing Society, November 16-17, 2012, Phoenix, AZ. (24 Contact hours – ANCC approved)

Structural Equation Modeling Workshop, by the Data Analysis Training Institute of Connecticut (DATIC) hosted at the University of Connecticut, July 16-20, 2012, Storrs, CT.

Genetics Institute, sponsored by the National Institutes of Health (NIH) and the National Institute of Nursing Research (NINR), May 4-28, 2012, Bethesda, MD. (120 Contact hours)

Engaging New Partners and Perspectives - 33rd Annual Meeting & Scientific Sessions, Society of Behavioral Medicine, April 11-14, 2012, New Orleans, LA. (34 ANCC approved CE hours).

Epigenetics, Environment and Cancer presented by the Nuclear Control of Cell Growth and Differentiation Program and the Cancer Control Population Sciences Program at Huntsman Cancer Institute, December 15, 2011, Salt Lake City, UT.

Western Institute of Nursing Research 44th Annual Conference, April, 13-16, 2011. Las Vegas, NV.

Genomic Advances Influencing the Role of Nurses: Applying Genomics in Advanced Practice, Pre-Conference Workshop at the ISONG 23rd Annual Conference, Dallas, TX, October 16, 2010. (3 contact hours)

Genomic Advances Influencing the Role of Nurses: Curriculum Integration & Faculty Resources, Pre-Conference Workshop at the ISONG 23rd Annual Conference, Dallas, TX, October 16, 2010. (3 contact hours)
